

## Immediate Action Required

**Product:****3M™ Canister FR-15-CBRN**

3M Personal Safety Division has identified that certain 3M™ Canister FR-15-CBRN manufactured on June 23, 2025, with lot number 202506R01, may not meet the regulatory service-life requirements when tested against nitrogen oxides (NOx).

No other regulatory required test gases are affected by this notice. **3M advises users with affected product to stop using them and return them for credit to 3M.**

**Action Required - End Users**

Please follow the steps below to determine if you have affected product:

3M SAP ID	3M Legacy ID	Description	Affected Lot Number
7000052356	70071092970	3M™ Canister FR-15-CBRN	202506R01

Step 1: Locate the lot number on the adhesive label on the outside of the foil bag of the FR-15 canister. The lot number is also laser printed on the underside of the canister housing.

Step 2: Determine if the product lot number on the package label or canister is **202506R01**.

Step 3: To coordinate the return of your affected product for credit please contact your distributor.

**Action Required - Distributors**

Upon receipt of this Notice, please immediately forward this Notice to any of your customers who have purchased affected products from you.

If you have any of the affected cartridges as described above in stock, please follow the end user actions listed above and then contact 3M Customer Issue Resolution to return the affected product for credit.

US and Canada Customer Issue Resolution:

3msupport.crcsibgreturns@mmm.com or 1-855-724-4408, option #2 to return product for credit.

3M remains committed to providing quality products and services to our customers. We apologize for any inconvenience that this situation may cause you. We appreciate your continued support of 3M Personal Safety Division products and services.
