Goat-Grain Driver Gloves with  
Spandex Stretch Backs

#378GAX

Goatskin is often referred to as nature's strongest leather. It has very high tensile strength and abrasion-resistant properties, yet is lightweight with excellent softness. Because of this high strength-to-weight ratio, our Endura® Goatskin gloves are much tougher and more durable than their suppleness leads you to think. Wing thumb provides extra durability. Great for handling building materials, assembly work, farming, municipal work and utilities.
