

Solutions To Help You Solve Your Fire, Safety, and Environmental Challenges

Born in Canada in 1935, Levitt-Safety has always had the Canadian worker in its heart and mind; we want to be your trusted partner in ensuring your team returns home safely at the end of every shift.

Our approach is to bundle our product and service solutions with our knowledge and deep expertise to help you solve your Fire, Safety, Health, and Environmental challenges. We aim to cultivate a long-term relationship with you, demonstrating the value of dealing with a supplier whose only focus is a safer tomorrow and thus becoming your preferred safety partner.
